Methodological notes for the Status of Global Christianity, 2026 (referring to numbered lines)

This table is derived from Gina A. Zurlo, Todd M. Johnson, and Peter F. Crossing, “World Christianity 2026: Anticipating the Future,” *International Bulletin of Mission Research*, Vol. 50 (1), January 2026. Indented categories form part of, and are included in, un-indented categories above them. Definitions of categories are as given and explained in David B. Barrett, *World Christian Encyclopedia*, 1st ed. (Oxford University Press, 1982); David B. Barrett, George T. Kurian, and Todd M. Johnson, *World Christian Encyclopedia*, 2nd ed. (Oxford University Press, 2001); David B. Barrett and Todd M. Johnson, *World Christian Trends* (WCT; William Carey Library, 2001), and Todd M. Johnson and Gina A. Zurlo, *World Christian Encyclopedia*, 3rd edition (Edinburgh University Press, 2019), with additional data and explanations below.

Lines 1–2. Demographic totals as shown in *World Population Prospects: The 2024 Revision* (New York: United Nations, 2024).

3. Population with at least some secondary education (% aged 25 and above). Primary source: Barro and Lee (2018), ICF Demographic and Health Surveys, OECD (2023) et.al. in HDR 2023–24.

4. Proportion of the population who are refugees, by country of origin. Primary source: UN High Commissioner for Refugees (2021).

5. Annual carbon dioxide (CO₂) emissions (production) tonnes per capita. Primary source: Global Carbon Project (2023) in HDR 2023–24.

7–10. *World Urbanization Prospects: The 2018 Revision* (New York: United Nations, 2018).

11. 0–10, 10=most diverse. The Herfindahl index methodology is described in Todd M. Johnson and Brian J. Grim, *The World’s Religions in Figures* (Wiley-Blackwell, 2013), chapter 3.

12. Religions do not add up to the total because religions with fewer adherents are not listed. Religionists include smaller religions not shown in the indented lines (Spiritists, Daoists, Confucianists, Baha’is, Jains, Shintoists, Zoroastrians).

25. Widest definition: professing Christians plus secret believers, which equals affiliated (church members) plus unaffiliated Christians.

28. Including Anglicans. Past tables have listed Anglicans separately.

32. Churches and individuals who self-identify as evangelicals by membership in denominations linked to evangelical alliances (e.g., World Evangelical Alliance) or by self-identification in polls. Included in traditions above.

33. Church members involved in the Pentecostal/Charismatic/Independent Charismatic renewal in the Holy Spirit, known collectively as “Pentecostals/Charismatics.” Included in traditions above.

45. Middle East includes Bahrain, Cyprus, Egypt, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestine, Qatar, Saudi Arabia, Syria, Türkiye, United Arab Emirates, and Yemen.

47. Percentage of all Christians living in countries ≥80% Christian.

48. Defined in David B. Barrett and Todd M. Johnson, *World Christian Trends* (William Carey Library, 2001), pt. 25, “Macroevangelistics.” The new term “Population without gospel access” is synonymous with “Unevangelized population” from past tables.

53. Change in the number of languages with New Testament translations. Two scripture statistics have been retired from the table: Bibles printed per year; Bible density (copies in place).

54. Ten-year total for decade ending in the given year. World totals of current long-term trend. See David B. Barrett and Todd M. Johnson, *World Christian Trends* (Pasadena, CA: William Carey Library, 2001), pt. 4, “Martyrology.”

55–57. Defined in *World Christian Trends*, part 20, “Finance.”

57. Amounts embezzled by top custodians of Christian monies (U.S. dollar equivalents, per year).

Three finance statistics have been retired from the table: Churches’ income; Parachurch and institutional income; Income of global foreign missions.
